Where else would we be? All the cool kids are here.

Same to you, cool kid.

If you're only as cool as your friends, then I must be pretty cool.

Hey, you! G'morning, and happy new year!

We will be mighty in 2008.

Predictions and resolutions?

(Resolved: Platypus's hair will look significantly less funny in 2008.)

I hereby resolve to save the world at least once a month.

I hereby resolve that nobody dies in 2008 if we can possibly prevent it.

I hereby resolve to learn to cook at least fourteen (14) different things, so T. does not have to eat pasta every single night. Since I already know how to cook two, that's one a month!

What are yours?

I resolve to get both of you on snowboards.

I resolve to continue to not let friends run Vista.

I resolve to destroy AOL Time Warner.

I resolve to ignore all reality programming that isn't about me.

And I predict that we will continue to save the world 2.6 times more often than any other unit on this floor.

I resolve to teach the Harpy at least twelve more things to cook, and to let Wabbit teach me to snowboard.

After that, I guess I don't want to jinx it, you know? I resolve to try to keep doing whatever it is I'm doing. No warrantees expressed or implied.

Buzzer's fokked AGAIN? Oi.

Hey, maybe you'll get to see what I got Jeff and Brandon for Xmas. It was my big save-up-for-it present.

Also, the pumice was the science-fair part of your Maui souvenirs. This one is also from a volcano. Hope it's not, like overstepping or anything. If it is, you can give it to T. with my blessing.

Okay, it won't let me post an image here. Can I post a link, maybe?

Well, this would be very hard on your teeth.

I dunno, I wasn't sure it was the sort of think you'd like to wear. But it seemed all cool and mysterious and kind of goddess-y, and not frou-frou, and I figured you

could use it as a watch fob or hang it on something at home if it was just too weird to wear. Or, like I say, give it to T. It's all good. No need to account for it or anything.

Silly coyote.

I like it very much.

I'd go hide in my office and sniffle but I don't have one.

Ohhhh.

...Okay. You can watch Michigan and Florida fall on each other if you need a minute.

I'm glad you like it.

I keep reading that as "watch Michigan and Florida fall for each other."

"Dude, your ass looks really good in those tight pants."

"Dude, yours, too."

First and ten and love in bloom!

It has to rest; that's what makes the texture right. Don't worry, when you're too full of Hoppin' John, greens, and cornbread to eat aother thing, it'll be ready for you. *g*
